

# Wasik Bin Mashuk

Software Associate, SSL Wireless

I'm currently working as an Associate Software Engineer at SSL Wireless, where I contribute to backend development and web application projects. I enjoy solving real-world problems through clean, efficient code and love taking on new challenges that help me grow as a developer. I'm a strong communicator and a team player, always ready to collaborate and bring value to the project at hand.

## Hobbies

- Competitive online gaming
- Reading

## PERSONAL SKILLS

- Good communication skills
- Flexible, adaptive, quick learner

## Language

Bangla

English

## Experiences

### Software Associate SSL Wireless

Jan 2024 - Present

- Build and improve backend APIs using Laravel to support our applications.
- Work on adding new features and making improvements in existing projects.
- Help test the APIs we've built to make sure everything works smoothly and as expected.
- Fix bugs and issues that come up during development or after release.
- Take notes during meetings and do research on future updates.
- Contributed to several internal and client-facing projects across different teams, including:
  - Easy Merchant App
  - Smart Municipality
  - BDHonda+
  - SSL Quick Response

### Software Engineer Intern SSL Wireless

Aug 2023 - Dec 2024

- Got familiar with how real software projects are built and managed in a team.
- Learned the basics of Laravel, including how routes, controllers, and views work together including APIs.
- Worked on two real projects, following the MVC structure and using Git for version control.
- Participated in multiple software testing sessions.
